

Be Independent...

... the new Fenix Falcon

FENIX CARRIAGES

Single-horse Marathon Vehicle with
all-round independent suspension
- the best 'ground-hugging'
vehicle available to date!

...enjoy the ride.

- All-round independent suspension with adjustable coil springs over gas-shock dampers.
- Huge padded back-step area - brought forward with no back axle interference - centralising weight distribution and overall stability.
- High performance technology.
- Turntable brake, delayed steering and rear-end steer.
- Hard-wearing high quality finish stainless steel.
- Lightweight - only 185kg, complete with all the technical features!
- Made-to-order only with either independent or fixed shafts.
